DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 9/27/2004 has been entered.

Information Disclosure Statement

2. The prior art documents submitted by applicant in the Information Disclosure Statement filed on 9/27/2004 have all been considered and made of record (note the attached copy of form PTO – 1449).

Allowable Subject Matter

3. Claims 37- 42, 44 - 58, 60, and 61 are allowed.

Art Unit: 2873

4. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in a combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims 37,38, 44, 47, 50, 53, and 56, for example which include a component a part having a concave and convex configuration for one of the enabling one of the light convergence and concave and convex configuration is formed by cutting and has a tangential angle defined at no greater than 23 degrees relative to a horizontal face (as in claim 37,38 and 53); and a cutting machine with an angle defined at edge angle of no greater than $\theta 2 \pm 3$ degrees or below in the case a tooth face of cutting tool stands vertical to a horizontal face (as in claim 44, 47, and 56); and a step of fixing a cutting tool having an edge angle $\theta 2$ defined at no greater than 20 degrees to a cutting machine (as in claim 50) .

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
